May 14th 2008

Our company, Computer Associates, Inc., recently made a move to improve the quality of our insurance services by choosing Gencorp Insurance Group to handle our insurance program. Chad Bjorklund, an agent at Gencorp, led a comprehensive review of all lines of our insurance and was able to offer a solution that provided broader coverage at a reduced premium as compared to our previous policy. Chad continually monitors our insurance needs and is available to us at a moments notice to answers any questions or concerns. We are very pleased with the decision we made to partner with Chad and Gencorp Insurance Group.
